SNOWSPORT
ENGLAND

National Facilities Strategy

- Up to 2015 and in broad terms up to 2030
- Influence the development and retention of facilities for Snowsports
- Be a guide for the development of quality facilities which meet the needs of all participants regardless of level or discipline
- Be used as an evidence base for planning policies and proposals across England

Progress

Preparation of data collection

Steering Group development session

Desk based review of facilities data

Collation of contact details and priority sites

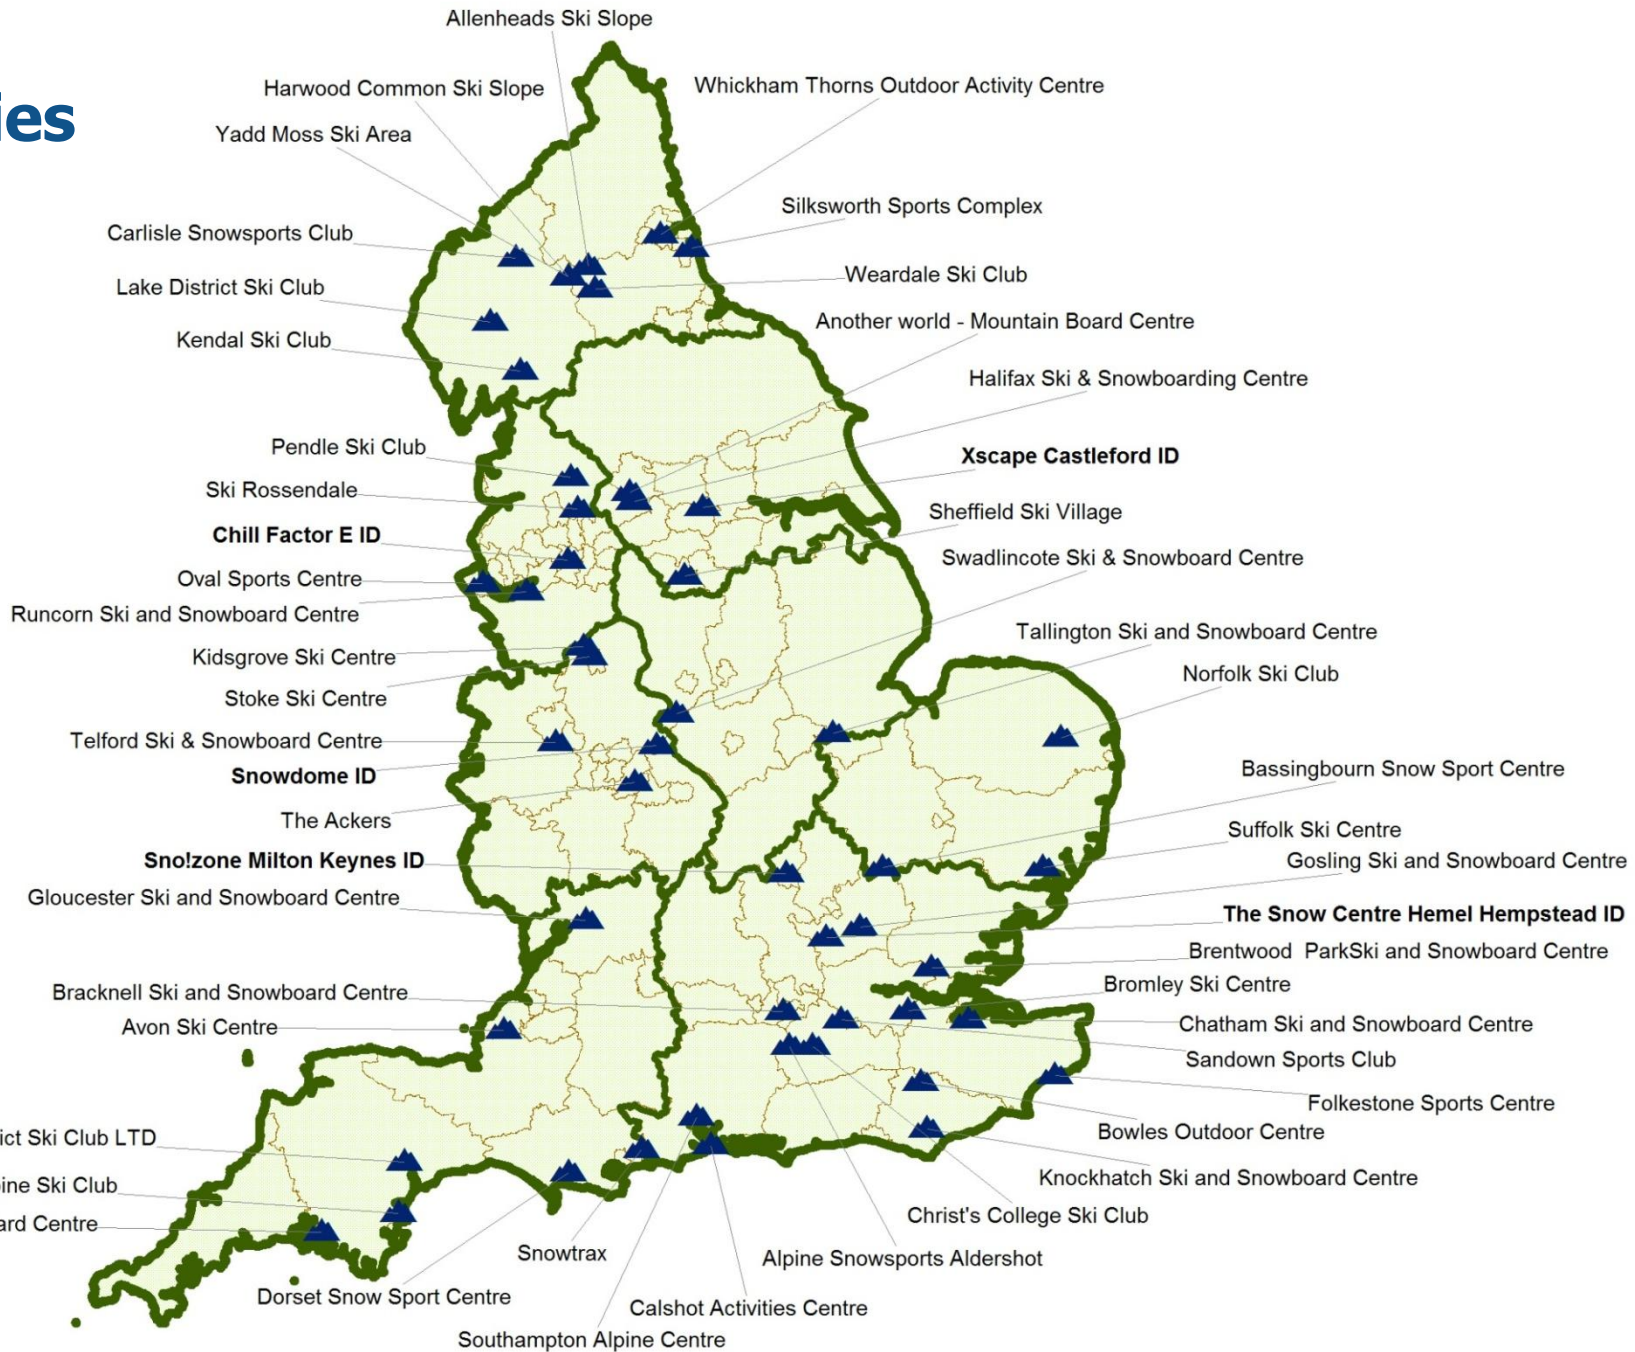

Facilities informed about audit intentions

Site visits conducted with 25 Facilities

Club survey circulated with follow up calls

Presentation/data capture at AGM

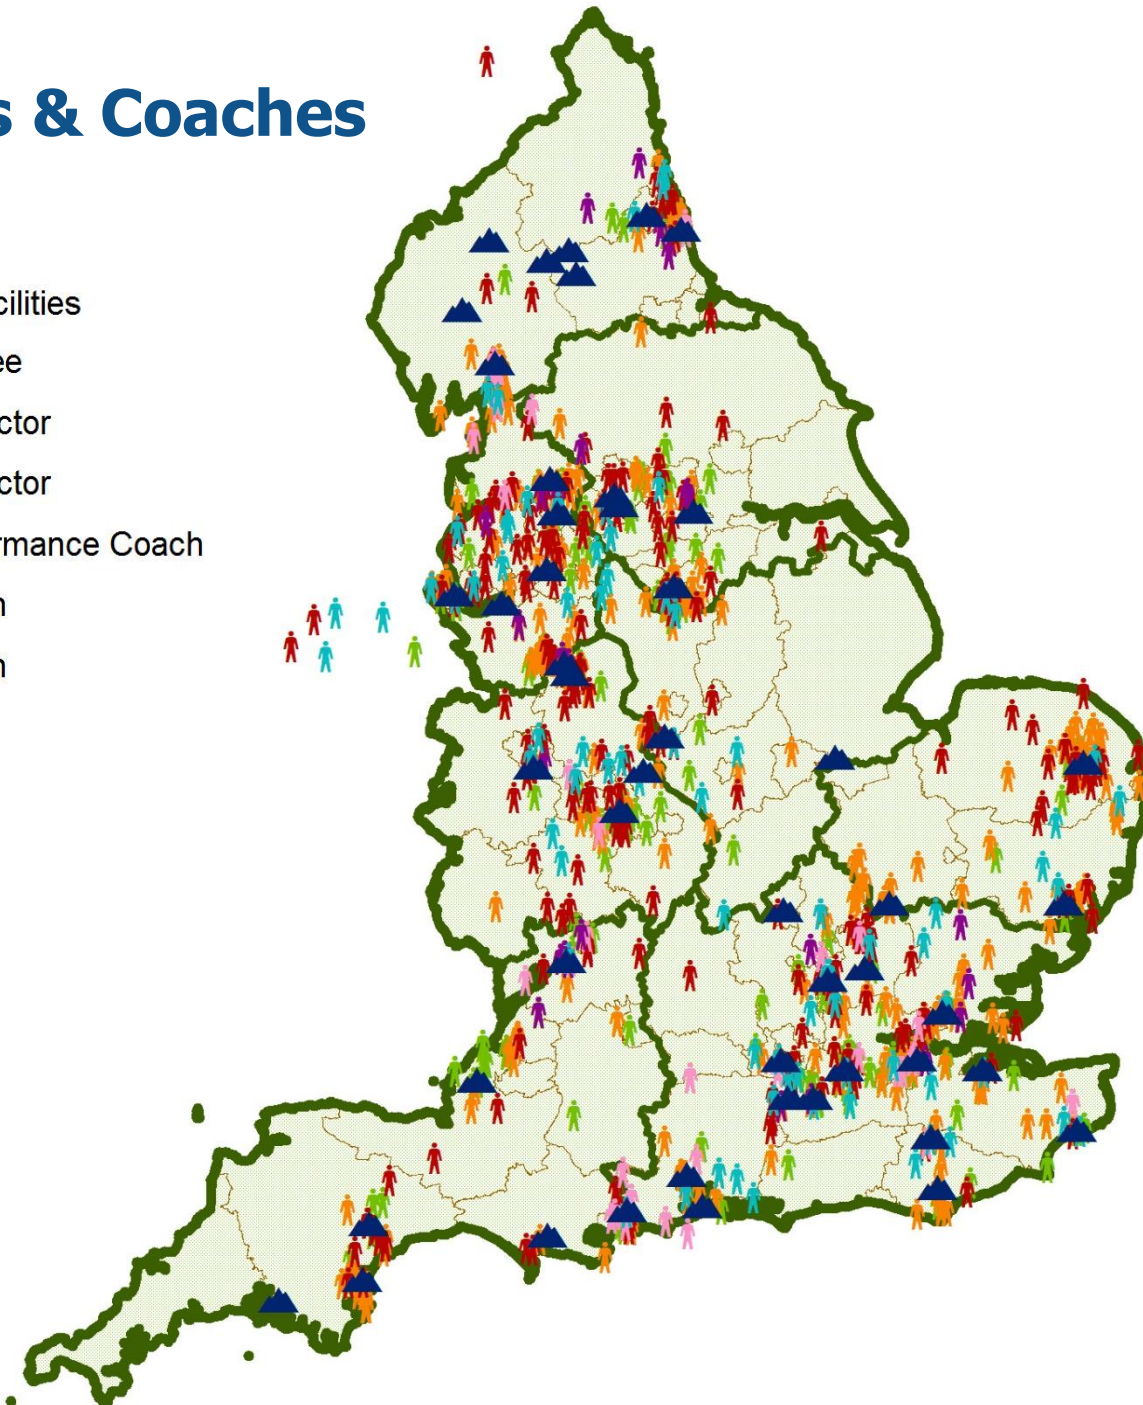

Facilities

Facilities & Coaches

Legend

-  Snowsport facilities
-  Level 1 Trainee
-  Level 1 Instructor
-  Level 2 Instructor
-  Level 2 Performance Coach
-  Level 3 Coach
-  Level 4 Coach

Where are we now?

- What are the current Strengths, Weaknesses, Opportunities, Threats?
- Consider
 - Quantity
 - Quality
 - Accessibility
 - Adaptability
 - Management
 - Usage

Where do we want to be?

- What are the three main priorities for facilities in the future?
- Consider each discipline
 - Alpine
 - Freestyle
 - Snowboarding
 - Nordic

Next steps
