## ATOMIC SPECIAL RECOGNITION AWARD

Each Atomic & Ambition Camp will have an exciting surprise at the end. The Atomic Special Recognition Award. These awards are like small sponsorships for the camp athletes that we feel have shown that special something during the week. It might be attitude, winning runs, effort, sportsmanship but something that has made them stand out from the rest. The Atomic & Ambition staff will keep their eyes peeled during the week for such acts of greatness!

\*Only full-camp athletes are eligible for the Atomic Special Recognition Award

All Atomic-Ambition Camps are priced at £55 per day with special reductions online for full camp bookings and sibling discounts.
